Student Information:

Student Name: _____

School Issued Student ID: N/A

Program Name: Diesel Technician with Externship C.14.112

Program Type: Certificate

Program Duration: 6 Months

Scheduled Start Date: _____

Estimated Completion Date: _____

Course Delivery Format Online

Program Overview:

This program provides students the entry level skills required to start a career in automotive repair and maintenance. The program is delivered through an intensive hands-on lab approach allowing students to concentrate most of the class time on practical skills education and execution alongside supplemental online curriculum. The students will become proficient in preventative maintenance and inspections by performing procedures in electrical, brakes, lubrication, hub seals, HVAC, Aftertreatment systems, and diagnostics equipment. The students will be subjected to a work environment that will require them to adhere to all program guidelines and workplace practices to prepare them for industry partner placement. Program guidelines and workplace practices include safety, personal protective equipment, first aid principles, employability skills, CDL level 4 license applications, and employment preparation.

Certification/Licensure Eligibility upon Program Completion:

Students should have or be pursuing a high school diploma or GED

- There are no state approval and/or state requirements associated with this program
- There is a National Certification exam available to students who successfully complete this program:
 - Automotive Service Excellence (ASE) Automotive Maintenance and Light Repair (G1) Certification Exam:

Students who complete this comprehensive course are not only prepared for entry-level positions as technicians in diesel engine repair shops and related facilities, they will be eligible to sit for the Automotive Service Excellence (ASE) Automotive Maintenance and Light Repair (G1) certification exam. Certification will issue once candidates complete and submit the 1-year work experience requirement.

Tuition Cost:

\$3,999
