Student Information:

Student Name: _____

School Issued Student ID: N/A

Program Name: Welding Technician with Externship C.14.115

Program Type: Certificate

Program Duration: 6 Months

Scheduled Start Date: _____

Estimated Completion Date: _____

Course Delivery Format Online

Program Overview:

This program provides learners the entry level skills required to start a career in welding. Welding is a high-tech industry that can take you places all over the world. From ladders to aircraft carriers, from NASCAR to national defense, and from the laboratory to sales and repair, the varied welding industry impacts virtually every industry. Technology is creating more uses for welding in the workplace. The Welding Technician program is designed to prepare students to support industrial, transportation, oil and gas, constructing, and many other industries with welding skills. The work of welders includes joining pipe sections for oil and natural gas pipelines, working in numerous industrial environments, building ships, and supporting construction. Students can serve in positions such as Welders, Cutters, Solderers and Brazers.

Certification/Licensure Eligibility upon Program Completion:

Students should have or be pursuing a high school diploma or GED.

-Students who successfully complete this course will be eligible to sit for the National Workforce Career Association (NWCA) Welding Technician Exam

-In addition to facilitating entry-level welding positions, this course is aligned with key indicators specified in the American Welding Society (AWS) Schools Excelling through National Skill Standards Education (SENSE) Level 1 - Entry Welder and is ideal for students interested in pursuing subsequent certification

-Students are eligible for an optional externship with a local employer after successful course completion

Tuition Cost:

\$3,999
